

LORGE FOR WISCONSIN LT. GOVERNOR

TAXED ENOUGH ALREADY: TEA PARTY REPUBLICAN

August 26, 2010

FOR IMMEDIATE RELEASE

Re: LORGE FOR WISCONSIN LT GOVERNOR ANNOUNCES ROAD TO RESTORATION PLAN

Robert Gerald Lorge announced his Four Part Road To Restoration Plan in Green Bay Wisconsin Thursday, August 26, 2010. Here is a Transcript of that announcement.

Hello folks, seems I was again the only Candidate running for Lt Governor coming up here to discuss the real problems facing Greater Wisconsin being here just last week for the Green Bay Tea Party and other events, and I am glad to be back home from days traveling and campaigning all over our great state. Many of you already know me, for you that don't yet, I am Robert Gerald Lorge and I am running to represent ALL of Wisconsin as Lt. Governor. I would be happy to speak with you from my cellphone at 920-739-8080 anytime.

Many of you know that I am from the little town of Bear Creek (Deer Creek Township) right over here in Outagamie County not far from Green Bay, on a clear day we can hear the PACKER FANS ROAR, like so many little towns and villages hurting from these failed liberal economic policies, this is where I am a practicing Country Lawyer of Lorge & Lorge Law Firm, and a Farmer and Beekeeper together with my wife Charn (my better half of 28 years) where we operate Capital Hill Farms: Lorge Honeybees which pollinate crops like Cranberries in Wisconsin Rapids, Stevens Point and Tomah and Warrens (The Cranberry Capitol of the World) and also make the best Lorge Honey MADE IN WISCONSIN AND MADE IN AMERICA, and I am a small business owner of Welcome Company which does consulting for small businesses the likes of which create over 85% of the jobs in America today. My father the late Senator Gerald D. Lorge was this area's state senator legislator for over 36 years, my brother was a representative for 10 years. I was your nominee for Secretary of State in 2002, Candidate in 2004 and Nominee in 2006 for U.S. Senate on the Republican ticket, being the only national candidate since the McCain Feingold laws to bring in votes for under one dollar, yes, I am still that frugal, being a proud Christian Conservative. I graduated from St. Mary's grade school in Bear Creek when private and parochial schools were more prominent, even though today of the ONE MILLION elementary and high school students in Wisconsin, 13%, 130,000 plus of them still attend such good Christian education schools. I was an Honors graduate from Clintonville High School, and an Honors Graduate at the University of Wisconsin at Madison in Pre-Medicine before switching to law and graduating with a doctorate degree from Marquette University Law School in Milwaukee. I am the MOST QUALIFIED CANDIDATE running for Lt. Governor of ANY party.

I want you all to know that I got in this race only in mid June, but still filed MORE Nomination papers than any of my opponents who have been in the race for a year. We will match and exceed all funding of all my opponents in this race, we have more statewide grassroots volunteers than all of them combined, we are also helping other statewide candidates all across Wisconsin get elected to turn around this crisis in Wisconsin's current corrupt government and its liberal democrat spending abuses that have caused the PEW CENTER ON THE STATES to put Wisconsin in the top ten of worse run States, with others noting we are probably third in line for default after California and Illinois; All because of those who voted for the Doyle budgets.

This is why I wholeheartedly agree with the Fox Valley Initiatives FIVE Principles:

- 1) Limited Government operating within the bounds of the Constitution.
- 2) Lower taxes and balanced budgets.
- 3) Protection and preservation of private property rights.
- 4) A Free Market Economy.
- 5) Integrity and accountability in our Government.

I want you all to know that Robert Gerald Lorge will fight the decades of corrupt taxers and spenders, we want you to know that Robert Gerald Lorge believes that the Economic and Political Crisis facing Wisconsin is a CRISIS CAUSED BY FAILED POLICIES OF FAILED POLITICIANS and we must act fast if we are to Save Wisconsin and Our Future.

Here is an outline of the LORGE PLAN:

1. **FREEZE FIRST**, all government automatic "remote control" program increases;
2. **BUDGET CUTS**, we must simply STOP WASTEFUL SPENDING by returning to LIMITED GOVERNMENT as intended by our Founders and Constitutions, the Constitution of the United States and the Constitution of the State of Wisconsin.
3. **TAX CUTS**, because once you stop the wasted tax dollars, our businesses and families deserve to keep more of our own money. And:
4. **TAX CREDITS** to provide incentives to jump start small businesses, and get big businesses to return to Wisconsin, because the ongoing "Loss of Businesses" is what is causing "Loss of Jobs" and that causes "Loss of our Tax Revenue Base", which is why we all have been forced to pay more and more.....now we say NO MORE. So, tax credits for business, for healthcare costs, and for education will provide incentives to create jobs, obtain quality private health care of our choice and create a high quality well educated and trained work force to bring back business, jobs and revenue to Wisconsin, creating prosperity once again.
